

PARASOLEIL CLADDING SYSTEMS

Linear Facade

Commercial exterior decorative screening solution designed for floor-to-floor spanning capability. The ventilated patterned fins create unique and dynamic designs that can enhance airflow and reduce heat buildup.

DYNAMIC DESIGN FLEXIBILITY

Parasoleil linear facades are revolutionizing commercial exteriors, combining modern aesthetics with practical performance. These innovative systems offer a sleek, contemporary look that enhances the visual appeal of any commercial building, from parking garages to multi-family housing to large office complexes. Designed for versatility, Parasoleil linear facades allow architects and builders to craft unique, cohesive designs that can redefine your project.

EXCLUSIVE PATTERNS AND FINISH OPTIONS

Stand out with Parasoleil's exclusive pattern collection and proprietary finish palette. These ventilated patterned fins can be integrated into the facade to craft a one-of-a-kind look and feel, helping your design achieve a unique aesthetic that reflects your project's identity.

HIGH PERFORMANCE STRUCTURE

Created with durable, sustainable materials, our innovative Linear Facade system allows natural ventilation to enhance airflow and reduce heat gain.
